Message (200 Word Maximum):

**Kari L. Malkovich** has lived, loved, and served in the City of Woodland Hills for over 30 years and is seeking re-election as a member of the Woodland Hills City Council.

She has demonstrated dependability, responsibility, and consistency in her service to the city through various assignments including Emergency Manager, Public Information Officer, and Community Development. She has been the liaison to the county, state, and federal delegation with regards to city issues and has helped numerous residents with personal problems that have needed attention at various levels of government.

She currently serves on the board for the Utah League of Cities and Towns, representing small cities throughout the state. Her integrity, education, experience, and collaborative skills have been an asset to the city. With limited resources, she has been able to help bring in additional funding sources, including grant money, to help our community -- \$3.8M post-fire; \$350K water infrastructure/ARPA; and \$117K for community development.

She graduated from BYU with a degree in Communications, with an emphasis in Public Relations. In addition, she received a Master of Public Administration (MPA) from SUU. She and her husband Milan are the parents of six children and grandparents to seven.

“We are what we repeatedly do. Excellence, then, is not an act, but a habit” - Will Durant

I am running for City Council because I believe that my unique skills can make a positive impact on our beloved city. Throughout my extensive career in manufacturing, I have honed valuable skills that our city leadership could benefit from: specifically, my extensive experience in change management and forward long-term consequence recognition.

On a personal note, I am married with two adult children and two who are closer to being adults than I want to admit. My family and I relocated here in August 2016, and my journey of community engagement began in early 2018 when I joined the fire department. I truly gained a deep love for this community during the fires later that year. I have continued to serve this community in various ways since.

In addition to my civic involvement, I take great pride in my past service in the US Navy, as well as my role as a volunteer firefighter and EMT. I would be truly honored to extend my service as a councilperson, working tirelessly to make our city an even better place for all.

I have the privilege of being the husband of the most amazing woman (Whitney) and father of three fabulous boys. In 2014, when we found our lot, we knew Woodland Hills would be our forever home. Ever since then we have learned to love our amazing community even more. We count it a great blessing to live in such a beautiful location with the best neighbors anyone could ever wish for. Over the years I have had the opportunity to work closely with many Fortune 100 and 500 businesses across our nation in many different professional capacities. Primarily my work has focused on cultural transformation, operational excellence, and business systems. While doing this I've also owned and operated a number of my own businesses as well. I am so grateful for this opportunity to serve our great city and I welcome any thoughts, disagreements or constructive ideas from our residents. Thank you all for your support and willingness to volunteer to make our wonderful city even better.
