

June 2012

CITY OF WOODLAND HILLS, UTAH

# Woodland Hills News

## City Government

- Keith Crandall and Doug Pinder are leaving the Planning Commission. The Mayor and the City Council thank them for their service.
- A volunteer is being sought to serve on the Planning Commission. Contact the City Recorder to volunteer.
- The City alarm sirens have been installed and tested. They are now operational.
- Select rock-lined ditches will be repaired and improved this summer.
- Volunteers are being sought to tend the mailbox/roundabout area on an ongoing basis. Contact the City Recorder to volunteer.

## Wood Chipping June 4th

Wood chipping has been postponed until the 4th of June. Please remove all dead or dying trees and place them next to the road before the 4th. Chipper crews will chip your trees without charge.

Place your trees next to the road (not on the road) and the chips will be left for you in approximately the same place. Help make Woodland Hills a safer place.

### June Happenings

- *Wood chipping, Monday, June 4th*
- *City Council Meeting, Tuesday, June 12th, 7 pm*
- *City Council Meeting, Tuesday, June 26th, 7 pm*
- *Planning Commission, Thursday, June 28th, 7 pm*

**New alarm system installed**

# Fire Season Reminders

by Chief Northup

Dear Residents

Spring has sprung though it feels more like summer. We have had a productive winter in the removal of a significant amount of dead wood along with the addition of new access roads on undeveloped land at the west side of Woodland Hills. This will be vital while trying to protect our city from fire on the Loafer Canyon side. Special thanks go to Don Mecham (developer) for this project.

**I would like to remind residents that fire pits are not allowed. Embers from these fires could be devastating. Please contact me if you have any questions or concerns. [fire@woodlandhills.cc](mailto:fire@woodlandhills.cc)**

You may have noticed our fire danger changed from Low to Moderate. This is a month early due to our dry conditions. Please be alert to your surroundings and call 911 if you smell or see smoke. Time is everything so please **DO NOT HESITATE**. You will get a big thanks from us after the call.

I would like to thank everyone for the large brush piles that have emerged on our streets. This is a great program that we will carry on into the future. **The chipper day has been postponed to June 4<sup>th</sup>.**

I still see a lot of ladder fuels along our streets that need to be removed. This is a priority since these streets will be our fire breaks. Please work on getting this under control. If you have questions or need some information on this please contact us a [fire@woodlandhills.cc](mailto:fire@woodlandhills.cc). Please report the hours you spend clearing brush. This information is used to justify our eligibility to receive the assistance from the County. Email your time to me and I will report it to the County.

Another great addition to our City is the evacuation sirens that the Mayor and Council were able to acquire. In the event of an emergency these sirens will help ensure that every resident is notified as soon as possible. Remember to have a family plan should you need to evacuate. Be prepared.

Finally, I would like to thank all the volunteers on the Department for giving their valuable time to our City. We have a great group and it is growing. Stay safe and have fun.

## Rape Abduction Defense (RAD)

Announcing a FREE class sponsored by the Utah County Sheriff's Office for female Woodland Hills residents 12 years and older. An R.A.D. (Rape Abduction Defense) class will be held July 9th through July 12th from 9AM to noon at the Woodland Hills City Building.

This is a great opportunity for mothers and daughters to take this class together. We ask that you commit to attending all four days from 9AM to noon. A sign-up sheet has been placed at the city office and the class will be filled on a first come first serve basis. Below is a class description.

The R.A.D. Women course is a basic self defense program educating women ages twelve and older with realistic self defense tactics and techniques. Women participating in the 12 hour program learn how to reduce violence and harm perpetrated against them through education in risk awareness, risk prevention, risk reduction and risk avoidance. Women also learn the techniques of basic hands-on self defense and have the opportunity to practice these skills in a dynamic simulated training experience.

Women who participate in this internationally recognized program need not have any previous experience in self defense or martial art training. The R.A.D. Women course is designed for women to learn at a pace they feel comfortable with. Through short term training opportunities that are taught in a progressive building block format, women are able to learn basic self defense in a short time frame.

To read further information on the R.A.D. Women program, please visit the following web page.
